Building Men for Life, Inc. - The Organization

Many times, in early recovery, we find that we have burned all our bridges with the devastating effects of addiction and bad choices. We find that we have no safe place to go that is free of drugs or alcohol after we have completed a treatment center; and all our friends and old support systems are unhealthy for us. Now that we are ready to start the journey of recovery, we need help with using the tools that we have been learning to stay sober; we need a safe sober place to live, and a new support network of friends.

New Life for Men in Recovery: Housing, Fellowship, Self-Respect

Our primary purpose is to provide a safe, sober, supportive, affordable, community-based living environment for people in recovery who have a desire to live drug and alcohol free. At times, a living situation may threaten a person's ability to maintain a clean and sober lifestyle. The environment we provide is conducive to building a solid foundation for a new way of life. Our goal is to facilitate a way of life for people whose lives have been devastated by the disease of addiction.

“A friend is always loyal, and a brother is born to help in a time of need.”

Proverbs 17:17 NLT

Program Requirements

With the primary focus to stay clean and sober, Building Men for Life, Inc. (BMFL) has implemented required programs to help participants with their recovery. We feel these programs are vital for healthy living. Participants will be held accountable for participating in all programs.

1. **SPIRITUAL GROWTH & LIFE SKILLS** - BMFL considers participation in a spiritual fellowship, like church, and support groups like AA or NA meetings, vital to maintaining a healthy way of living.
 - a. Participants must attend a minimum of four (4) meetings a week that help his spiritual growth and life skills, starting the first month. For example, a man could attend three (3) AA meetings and a church service.
 - b. Any group meetings scheduled by a recognized organization (courts, parole/probation agent) will count toward the four (4) meetings.
 - c. Participants are strongly encouraged to have both a spiritual mentor and a program sponsor and meet with him at least once a week.
 - d. Participants may be required to have a slip signed at AA/NA recovery meetings. If required, it cannot be signed by another BMFL participant. Church bulletins may be used as documentation of required attendance of spiritual meetings.
2. **COMMUNITY SERVICE** - All participants not employed full time, or who are disabled, will be required to do community service work sixteen (16) hours a week. The required time will be adjusted for part-time employment. If a participant cannot find a place to volunteer, BMFL will assist them.
3. **EMPLOYMENT** - Employment is a mandatory condition for the program and if not employed must be actively seeking work, unless disabled (having applied for or determined to be disabled by the Social Security Administration).

Building Men for Life, Inc.

Participant Handbook

- a. Unemployed participants should be considered a “full-time” activity (e.g. 6 hours a day), at least five days per week. The minimum requirement is for two applications be filled out and turned in to the prospective employers each day.
- b. Each day, a *Job Search* sheet must be completed and turned into the House Manager.

Failure to comply with BMFL programs will be considered as an individual’s choice not to participate in the program. If a reasonable effort is not seen in working the BMFL program, a participant may receive a written notice. If no action is taken to comply with the written notice, he will have chosen to no longer be a participant and removed from the program.

House Operations, Conduct, and Rules

The fundamental principle of the home is to follow the rules and live a life in recovery. The goal is to form strength in the group to develop a functional, connected, and family environment. BMFL is a non-profit organization, and the houses are not institutions. It is our hope that a family of men will unite to build a healthy and functional community.

The number one rule of the program is to stay clean, sober and addiction free.

When a man brings drugs/alcohol into a house or is under the influence, not only is he hurting himself, but he is threatening other participants’ recovery. A participant bringing drugs or alcohol into the house may trigger another participant to relapse.

As a matter of self-preservation, a participant who knows of another man who has or is using alcohol/drugs, needs to ***immediately*** report this to the House Manager or a BMFL staff member. This often goes against how we may have handled situations in the past. The difference today, is that you may be saving someone’s life while protecting yourself and others in the house from relapse.

This is about “Principles over Personalities.” Recovery is about doing the next right thing. We are fighting the disease of addiction—not the person.

In recovery, we are learning to do things differently. How we act toward others, how we treat people, and respecting others and our living environment. In our addiction, we often did not follow rules or treat people very well. Today we are learning to live differently and to look outside of ourselves.

Because of this, we have rules and expectations of all participants and others coming on the BMFL property. This list is not meant to cover every situation,

Participant Handbook

but rather an overall guide. It includes some “hard and fast” rules, but there are also expectations of how you are to conduct yourself.

1. No alcohol, drugs, or the misuse of prescribed and over-the-counter drugs.
2. No violence, physical or verbal abuse towards one’s self, others, or property.
3. No weapons of any kind are allowed in the house or on the property.
4. No illegal activities or the breaking of any laws.
5. No pornography (written or electronic).
6. No gambling in any form.
7. All houses are Smoke Free. Smoke in designated areas only and dispose of smoking materials in a safe container.
8. No animals/pets are permitted to live in the house without BMFL approval.
9. No overnight absences without permission from the Housing Director.
10. Participants may have one (1) vehicle on the property, which must be street-legal, licensed, insured, and parked in a designated area.
11. Participants must respect the privacy of the other program participants be considerate of house guests and neighbors by keeping noise levels to a minimum.
12. No fire or open flame of any kind within the home, including but not limited to, cigarette lighters, candles, hot wax, incense, or heated air fresheners.
13. Participants may not loan or borrow from another participant, money, clothes, vehicles, bikes, or other personal property.
14. No participant is allowed into another participant’s room unless that participant is present.
15. Use of the house phone or house computer is limited to 30 minutes.

Each house has a weekly meeting to help improve communication. This is a time to discuss issues relating to the house, pay program fees, pass on information, and turn in paperwork. All program participants in the house must be present and the House Manager/BMFL staff member will lead the meeting.

For a home to operate efficiently, it must have people who are willing to step up and be of service. Each house needs men to serve as House Manager, Secretary and Coordinator. These service positions are program participants of the home and are appointed by a BMFL staff member.

The two service positions are:

SECRETARY - records the house meeting minutes and gives a final copy to the House Manager.

Building Men for Life, Inc.

Participant Handbook

COORDINATOR - assigns weekly house chores, inspect rooms for cleanliness along with the House Manager, and make sure the home remains clean and orderly, inside, and out. Also, collects and tracks funds for the household common expenses.

Confidentiality

Living in a shared house, you will hear things from other men that may be very personal and private. Part of recovery is learning to share our feelings and thoughts in a safe environment. There are also day-to-day interactions that go on without much thought but can cause us to be irritated and annoyed. These are all normal occurrences. However, while living with others, you need to respect and protect each other's privacy. No participant should ever share another man's stories, faults, or feelings with anyone.

You are encouraged to tell others outside the house about YOUR story, feelings, and journey. It's alright to share what's going on with you. Protecting other men's story, feelings, actions is also your responsibility. BMFL expects each participant to respect one another and not share what is heard.

To protect everyone's privacy and confidentiality, taking pictures and videos is prohibited on any BMFL house or property. This applies to participants, guests, and anyone coming on the property. It doesn't matter what you are taking video/pictures of since this has the potential of disclosing confidential and protected information. Only the Executive Director or Housing Director can give permission to record videos or take pictures for any reason.

Emergency Policy

In each house, there are postings for “In Case of Emergency” and evacuation routes for your house. Please locate and become familiar with both postings.

If you need emergency services of any kind: **CALL 911 IMMEDIATELY**. If you’re not sure if the situation is an emergency, call 911 anyway and let them decide what help is needed. It is better to err on the side of caution and call 911, than to need help and not have it.

Medical Emergency

In a medical emergency, **CALL 911**. State you have a medical emergency and give the following information:

- ✓ Your name and phone number.
- ✓ House address.
- ✓ What happened – How many people, nature of injury(s) or illness.
- ✓ Give as much information about the victim(s) (like diabetes, allergies, health issues, etc.)
- ✓ Follow the directions of the 911 Dispatcher.

Building Men for Life, Inc.

- ✓ Your name and phone number.
- ✓ Street address.
- ✓ Nature of fire.
- ✓ Fire location (area of house or floor).
- ✓ Any injuries and type of injuries.

Evacuation Procedures

If a **Tornado Warning** has been issued, go to the designated emergency spot, which is the center of the basement, away from windows. Monitor other weather Watches and Warnings and follow the directions of the National Weather Service.

Other Emergencies

If for any reason, you feel there is a threat to the house, the property, or the people in the house get away from the threat as quickly and safely as possible, then **CALL 911**. Explain the situation and follow their directions.

The Guiding Rule

The most important rule is to remain clean and sober always: any violation of this rule may result in immediate removal from the program.

Build Something Bigger Than Ourselves: Giving Back

BMFL would not only like to support a self-reliant family of men in a self-supporting home, but also, we have a vision that the same group of men who were once in need, can also pass on the gift of a safe, sober, and supportive living environment.

The goal we have is that each BMFL home builds a small surplus of income through program fees and fundraising to start another home, and pass on their experience, strength, and hope to the next group of men looking for support.

The start of a new home depends on first and last month's rent, security deposit, and the purchase of furniture.

We would also like to maintain a surplus of funds to help men who fall on hard times and may need a hand with food, clothes, program fees, and/or toiletries. We encourage each man to look outside himself to help a brother in need. We encourage men to participate in BMFL fund-raising efforts, become sponsors or mentors to new residents, and volunteer in the local community. Each man has his own gifts, and together, we can share our time, talents, and treasures to build a loving community, helping each other, and expecting nothing in return.

“As iron sharpens iron, so a friend sharpens a friend”

Proverbs 27:17

“A friend loveth at all times, and a brother is born for adversity”

Proverbs 17:17

Passing up an opportunity to build something bigger than yourself is a vision that only a few can find to be more important than today.
